

Through the Principal,
Mrs Chandler Jay Siva

26th March 2021

Dear P3 Parents/Guardians,

Welcome back to West Grove Primary School!

We hope you have had a rejuvenating and meaningful March holiday with your child. With Safe Management Measures (SMM) still in place for COVID-19, the school will continue to plan for engaging and enriching experiences for your child in term 2.

Since 2019, the Student Development Department (SDD) has adopted the **PROSPER** framework (T. Noble and H. McGrath) to guide us in our students' wellbeing programmes, where we Encourage **Positivity**, Build **Relationships**, Facilitate **Outcomes**, Focus on **Strengths**, Foster a sense of **Purpose**, Enhance **Engagement** and Teach **Resilience**.

As we embark on our exciting journey this term, let us focus on **student outcomes**. While it is important that the children achieve good academic grades, it is equally important for children to be of **good character** and be equipped with social emotional competencies that help them achieve their personal goals.

Research shows that the **psychological factors** encapsulated in PROSPER are critical for achieving positive learning outcomes and ongoing academic success. Such psychological factors can include children's **perception**. Children may view their intelligence as a fixed quantity that they either possess or not (**fixed mindset**) or a malleable quantity that can be increased with effort and learning (**a growth mindset**). Students with a **fixed mindset** believe their intellectual ability is a limited entity that can lead to destructive thoughts, negative feelings (e.g. humiliated) and negative behaviour (giving up).

In contrast students with a **growth mindset** will often perceive the same challenge or setback as an opportunity to learn. They respond with constructive thoughts (e.g. maybe I need to change my strategy or try harder); positive feelings (excited by the challenge) and positive behaviour (e.g. persistence).

What causes these mindsets? Several experimental studies found that **praising students for their ability** taught them a fixed mindset (e.g. that's a really high score. You must be smart at these problems). In contrast **praising them for their effort** or the strategy they used taught them a growth mindset and fostered

resilience (e.g. that's a really high score. You must have worked hard at these problems or simply 'that's a really high score').

It is important to note that even **how children are praised**, has a profound impact on their **value system** and mindset towards learning; thereby impacting **student outcomes**.

Assessments in Term 2

The dates and topics of the assessments to be held in Term 2 are as follows. I hope that the information will better help your child in planning for his/her revision.

*In the event of an absence on the day of the assessment, your child will need to produce a **medical certificate or have a valid reason with supporting documents**. Please note that there will be **no make-up** for the assessment.

Date	Subject	Topics
6 May 2021 Thursday	English Language Topical Assessment	<ul style="list-style-type: none">• STELLAR Units 4 & 5
7 May 2021 Friday	Mathematics	<ul style="list-style-type: none">• Whole Numbers to 10 000• Addition & Subtraction• Multiplication & Division• Money• Heuristics
10 May 2021 Monday	Mother Tongue Topical Assessment: Chinese	<ul style="list-style-type: none">• Units 1 to 9
	Mother Tongue Topical Assessment: Malay	<ul style="list-style-type: none">• Units 1 to 5
	Mother Tongue Topical Assessment: Tamil	<ul style="list-style-type: none">• Units 1 to 5
11 May 2021 Tuesday	Science	<ul style="list-style-type: none">• Diversity of Living and Non-living Things

Academic Reflection

Reflection is an important aspect in learning and character development. Reflection allows us to take a step back, think through our actions and realise the impacts or consequences of it. The school hopes to cultivate Socio-Emotional (SE) competencies and a growth mindset in our students using

WEST GROVE PRIMARY SCHOOL

1, JURONG WEST STREET 72 SINGAPORE 649223

TEL NO: 62679234 FAX NO: 62679235

academic reflections. Students will reflect on their academic achievement after each assessment. Students will be guided to reflect on their strengths, areas of growth and steps they can take to achieve their personal targets to promote SE competencies like self-awareness, self-management and accountability in their own learning.

The academic reflection booklet will be returned with the assessment papers for your reference and acknowledgment. Do make use of it to support your child's growth and progress.

Nurturing Wisdom & Grace Report

The Nurturing Wisdom & Grace report provides feedback on a student's disposition towards learning. Learning dispositions are a set of positive behaviour and attitudes that help lay a strong foundation for children to become lifelong learners who find joy in learning. The school hopes to cultivate the right learning dispositions and values in our students from a young age so that they will have a more positive start to their education, focusing on discovery, joy of learning and holistic development.

The report describes student outcomes that are aligned to the school's vision: Active Minds, Gracious Hearts. The learning dispositions progress in complexity and expectation from Primary 1 through Primary 6 as your child grows up. We encourage students to receive the report as useful formative feedback for personal growth. Let us support our children as we uncover each child's strength as well as areas for growth and work towards betterment at each stage of their growth.

Do leave your name and number at 6267 9234 if you have any queries. We will get back to you as soon as we can.

Warm regards,

Mr Chong

Year Head (P3 and P4)
